Chapter 3

The credits below will calm down after this. This series will be mostly handed over to Mcriceyy after this. As far as changing to HQ raws, that'll be on Ch5. Same with Difu, we didn't want to delay releases beyond when Batoto approved me for Contributor. So, we kept the mid-quality raws version. We'll try to upload as often as we can, but not promises. TLs and redraws are both difficult. Difficulty=Time.
